Ramakanth Hegde from Sirsi in MaleNaadu, a 'heaven-on-earth' kind of location during my golden years there till my PUC. A superb locale with super climate. Innumerable friends & caring relatives. Simply unforgettable.

Next flash-back, the five years at KREC Surathkal. Class-bunking, bath-room singing, chess & bridge mania days. Five more years at MCF Mangaluru - including the training days at Sindri / Durgapur / Cochin.

Utterly hellish period due to attrition with the Company management. Thanks to the love & affection showered by my friends & mentors who kept my heart ticking hopefully.

Cut to next, the five 'sauna-hot' & 'chilly-winter' years in Das Island UAE. Air-pollution compensated by good life-style. Grossly engaged in all kinds of sports activities, from badminton to tennis to snooker to swimming to jogging to windsurfing to late night movies in open-air theater. Generous paid leave enabled my visits to many countries around. Consolidation of my family-front too. Very fortunate that **Sushila** became my life-partner. She is the one who brought some soberness in my nomadic life.

For the next 3 years, I was a brief-case toting sales-engineer at Amchi Mumbai, a hapless local-train commuter and a Chetak-riding moron, traversing

from Gateway to Kalyan, five-days a week. A ray of hope was our daughter **Gayatri**, who touched down on us to brighten the monotonous life.

Then it was Kuwait, at KNPC and then KOC. It was **Manu** - our son who joined us to make our life wonderful. Shortly then, it was the days of Saddam, which taught me some great lessons of life. Then it was back to Kuwait in its liberated era. Then I got introduced to a new set of friends hailing from Karnataka - Kuwait Kannada Koota. This is how I started my long innings at KKK, undoubtedly the best part of life.

Thank you KKK, for enabling me to build everlasting friendship amity with my brothers and sisters. You gave me all kinds of opportunities to serve you in every capacity. Long live KKK!!!
